

Choral Society Launches COVID Recovery Appeal

The effects of COVID have really hit the arts hard and Kidderminster Choral Society is no exception.

The Society has launched a Sponsor a Musician appeal to aid their COVID Recovery. The Society has worked hard to keep going amidst cancelled concerts and rules against singing whilst many groups have not survived. KCS has strived to return to singing and has done so safely. They are now working to rebuild for the future.

They are inviting arts supporters and friends of the Society to sponsor a musician in their forthcoming concert. Using their JustGiving fundraising page: <https://www.justgiving.com/campaign/kidderminsterchoralsoc> There you can find out more about how to help and how to make a donation. All contributions are greatly appreciated.

Kidderminster Choral Society has a reputation of performing a wide repertoire; and excels at the great choral works. They regularly perform in Kidderminster Town Hall alongside The Elgar Symphonia Orchestra. Such grand scale concerts are costly to stage and often feature world class soloists. Such a high standard is quite exceptional for a provincial town and something to be proud of. Their concerts have been compared to Symphony Hall standard and have received critical acclaim.

Boasting Sir Edward Elgar as a past president, the Society is keen to maintain its reputation for excellent performance for Kidderminster and Worcestershire.

If you are interested in supporting Kidderminster Choral Society in their appeal please visit <https://www.justgiving.com/campaign/kidderminsterchoralsoc> or their website www.kidderminsterchoralsociety.co.uk where you can also find details of their upcoming concerts and membership information if you are interested as new members are always welcome.
